Q: How Has Your General Performance Improved?

Q: How Would You Rate This Course?

# IOSH Managing Safely - Course Survey

Q: What Did You Like Most?

**Student Comments**

Content very good. Fast moving. Liked the questions repeated and popping up randomly and then you took away the suggestions so it made it easier to learn.

I liked that the course wasn't just reading things from a screen, I liked how Will made it funny and enjoyable whilst learning.

The interaction and videos made it fun.
